

Dmitry Naumov *Resume*

Senior UX/UI Designer & Developer

My passion lies in bringing digital visions to life through UI/UX design and development. I love crafting seamless, intuitive, and delightful experiences across web, mobile, and game interfaces. I truly thrive on collaborative journeys, exploring the latest multimedia trends, and committed to understanding the unique essence and human needs behind every project. I genuinely value open perspectives and proactive teamwork, ensuring solutions are practical, progressive, and truly resonate, creating a wonderful win for every user.

Education

Information Technology Expert

Bachelor's Degree - Information Technology Samara State University | 2003-2009

Skills

UX/UI Strategy & Design Leadership • User Research & Prototyping • Product Experience
Optimization • Front-End Development & Implementation • Cross-functional Project Orchestration

Experience

Senior UX/UI Designer & Developer - Crazy Web Studio | 2024 - Present

Orchestrated end-to-end UI/UX strategy, research, and design for web and mobile applications, with hands-on front-end development and seamless team collaboration. Managed complete project lifecycles from user research to deployment, delivering user-centered solutions that enhanced digital product performance and user engagement.

Senior Multimedia Producer - 444 Media, Inc | 2021 - 2024

Directed and managed interactive projects, translating business requirements into multimedia solutions for web and mobile apps, including UI/UX. Oversaw film and video production from design and direction to project management for customer briefs and pitches, while providing creative direction to clients and internal service and production teams.

Multimedia Designer - Club Unique Thailand | 2016 - 2021

Research, conceiving, sketching, and prototyping including designing and delivering wireframes, user journeys, and mockups for a variety of devices and interfaces. Conceptualize and developing multimedia projects, include Film, Videography and Photography. Manage on-site, off-site and in-studio production projects with staff and partners.
